SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT TRANSMITTAL

Commissioner for Patents:

In accordance with 37 CFR 1.56 and 1.97 through 1.98, applicants wish to make known to the U.S. Patent and Trademark Office the references set forth on the attached Information Disclosure Statement. Copies of cited U.S. patents and published patent applications are not required and accordingly have not been provided. Copies of any other cited references are enclosed. As to any reference cited, applicants do not admit that it is “prior art” under 35 U.S.C. §§ 102 or 103, and specifically reserve the right to traverse or antedate any such reference, as by a showing under 37 CFR 1.131 or other method. Although the aforesaid references are made known to the Patent and Trademark Office in compliance with applicants’ duty to disclose all information they are aware of which is believed relevant to the examination of the above-identified application, applicants believe that their invention is patentable.

Applicants note that reference WO 01/48244 on the attached citation listing was cited in the corresponding International Search Report for PCT/AU03/00696, a copy of which

was submitted to the U.S. Patent and Trademark Office on December 3, 2004. It is Applicants belief that this reference is not relevant to the allowed claims. Applicants respectfully request that the Examiner sign off on the attached citation listing so that this reference may appear on the cover of the issued patent. Further as this reference was previously transmitted to the USPTO by the ISA, the Examiner should have already reviewed and considered the same and concluded that it also was not relevant. However, in an abundance of caution, as it was cited on the corresponding ISR, Applicants wish to have the reference formally appear on the face of the patent. Applicants thank the Examiner for her kind phone call and agreement to review the same.

Please acknowledge receipt of this Supplemental Information Disclosure Statement and kindly make the cited reference of record in the above-identified application.

A fee of \$180 is submitted in accordance with 37 CFR 1.97(c). The Director is authorized to charge any other fees which may be required, or credit any overpayment to Deposit Account No. 19-1090.

Respectfully submitted,
